EasyCare 8kg front load washing machine with 1200rpm spin speed, durable inverter motor, 3 fast wash programs, 3XL drum opening and time remaining display.

Product Details

FEATURES

Full load 60	Fast 15	Daily 39	Liquid or powder detergent drawer
Auto water level sensing	Pause and add button	Delay end option to plan when your wash finishes	High spin, less dry time

Inverter motor
The inverter motor delivers quieter operation, improvements in energy efficiency and improved durability, backed by a 10 year parts and labour inverter motor warranty ensuring peace of mind.

BENEFITS

It pays to play favourites
When there's meals to cook and work to be done, ways to simplify your life are welcome. That's where our Save Favourite wash program comes in allowing you to store your most used cycle so its only one button press away.

Reclaim your time
When you've only got a specific window to get on with your laundry, our Time Adjust function lets you increase or reduce your wash times. Paired with the Delay End function, it means your washing will be ready when you need it to be.

Good vibes only
Our Inverter motor regulates vibration for a quieter cycle, so your Netflix binge isnt interrupted. Guaranteed for 10 years, it also uses less energy than traditional induction motors.

Supersize your loads
When you need that doona washed before bedtime or a weeks worth of laundry done in a day, our 3XL Door, an extra large opening, makes washing big or bulky loads easy.

One wash wonder
Our PreMix deals with detergent residue, making sure powders are properly dissolved and activated before the wash.

Stop germ spread
Where there are kids, there are germs and a hygienically clean laundry is more important than ever. Our Plus Hygiene function uses water vapour to neutralise 99.9% of selected common household allergens and bacteria*.*Tested on certain harmful allergens and germs: K. pneumoniae, P. aeruginosa, S. aureus

---

Laundry made express
If washing a top that's not dirty enough for the laundry basket, but not clean enough for the cupboard has slipped your mind, our Fast 15, a quarter hour wash, can refresh any urgent items you might need.

Unlock more time
When youre looking to create more hours in your day, our Daily 39 delivers the kind of quality wash you expect for light loads, in less time 39 minutes to be exact.

Hour of power
Our Full Load 60 lets you wash an entire load in 60 minutes less time than it takes to play a game of Monopoly and without compromising on wash results.

Confidence in care
How do we put this delicately? Safely wash your lingerie and silks while caring for your woollens with our delicates-friendly washing machines.

High spin, less dry time
Experience maximum efficiency with a higher spin speed that expertly extracts more moisture from your clothes. This means a shorter drying time. You can also adjust the spin speed if preferred.
