60cm fully integrated dishwasher with a black glass door panel and metal handle, full touch screen control, RealLife XXL wash system, light beam on floor, 14 place settings, 7 wash programs, and ActiveDry system.

Product Details

FEATURES

LightBeam on the floor
A discrete light beam on the floor informs you when your wash is in progress or finished.

FlexiBasket
Enjoy the perfect combination of foldable racks and shelves with FlexiLift adjustable upper basket, and successfully load even those awkwardly shaped items with ease.

QuickPlus at 60oC
Our 30 minute quick wash program washes at up to 60oC and ensures great results for lightly soiled dishes.

Aqua Control
Peace of mind with Aqua Control anti-flood protection.

Efficient EnergySaver option
The EnergySaver feature allows you to minimise your dishwashers energy consumption when using your home hot water system (water inlet temperature of up to 60oC).

Auto Off

BENEFITS

RealLife XXL Wash System
Now you can be creative and prepare multiple dishes without having to worry about washing up. With its extra tall tub and generous internal space, the RealLife XXL Wash System has been cleverly designed to fit those larger, awkwardly shaped items like chopping boards, pots and pans. The innovative, highly efficient FlexiSpray arm ensures water reaches all parts of the tub for a sparkling clean.

Take control with TimeSaver
Designed to complement your busy lifestyle, the new TimeSaver option puts you in control. You can cut the length of selected cycle times so that your dishes are ready at a time that suits you. You can also wash a full load in up to 50% less time with the Eco, FlexiWash and Intensive programs. This handy option increases the pressure and the temperature of the water to ensure fabulous wash results every time.

Intelligent AutoFlex program
Now you can let your dishwasher do the thinking for you. We know every load of dishes is different, so we created AutoFlex, an intuitive program that automatically selects the optimum temperature, water, energy and wash time. Its incredibly easy to use and offers exceptional results and efficiency. Whats more, the multi-stage AutoFlex sensors detect the degree of cleaning needed and the quantity of items in the baskets for an optimum performance.

FlexiWash program
Offering supreme flexibility and everyday convenience, the FlexiWash program allows you to wash delicate items like glassware with heavily soiled pieces together in one load. A higher temperature and greater water pressure in the lower basket cleans even large items like pots and pans. While a lower temperature and gentler water pressure in the upper basket carefully washes delicate items.

MyFavourite program
Because time is precious, we created a special MyFavourite program for your most commonly used wash cycle. This handy feature allows you to save your personal favourite wash program and use it with the touch of a button.

ActiveDry
Enjoy exceptional drying results with the energy efficient ActiveDry System. It cleverly uses the natural evaporation of the final hot rinse and a steam removal system to effectively dry your dishes.

Specifications

PRODUCT PROFILE

Domestic warranty details (yrs)	2
Type of Dishwashers	fully integrated
Place settings	14
Drying system	active dry
Number of spray arms	2
Top shower	Yes

SPECIFICATION

Water Efficiency Star Rating	5
Water consumption (litres)	11.5
Energy Efficiency Star Rating	3
Energy consumption cold water (kWhr/yr)	308
Noise level dBA	44
Water supply	cold or hot (maximum 60°C)
Basket colour	grey
Service cord length	1.6
Inverter system	No

DIMENSIONS

Total height (mm)	818
Total width (mm)	596

BUILT-IN DIMENSIONS

Door panel minimum weight (kg)	2

DIMENSIONS
