Product Details

FEATURES

Add Clothes
With our Pause To Add Clothes function, you can quickly add those forgotten items. It can only be used when the water level is below the door and on programs where the water temperature is less than 60 Celsius.

Inverter motor
The inverter motor delivers quieter operation, improvements in energy efficiency and improved durability, backed by a 10 year parts and labour inverter motor warranty ensuring peace of mind.

Everyday programs
Wash everyday with the Daily 60 minute program or use the Quick 15 minute program for small loads needed super fast.

Extra-Large Door Opening

Gentle Drum
More smaller holes allow water to pass in and out of the drum quickly, while also helping to reduce pulling of your clothes during high-speed spinning.

BENEFITS

Efficient inverter motor
Help reduce your energy needs* with a powerful and reliable inverter motor that also reduces vibration and noise in the laundry. With the 10 year parts and labour inverter motor warranty your Electrolux will deliver, wash after wash, year after year. *vs conventional non inverter motors

Quick 15 program
Allows for a quick wash for small or lightly soiled loads, making washing flexible and supporting a busy lifestyle

Gentle Drum

Designed to minimise the stretching of fabrics and provide a softer wash, the Gentle Drum ensures excellent wash results every time. Its smaller holes allow water to pass in and out of the drum quickly, while also helping to reduce pulling your clothes during high-speed spinning. Clothes are also lifted and rotated gently in the drum for an exceptional washing performance.

Extra-Large Door Opening

The extra-large door opening was designed to make loading and unloading your machine a breeze. With easy access to the inside drum, you will enjoy better visibility so you never miss those smaller items.
