

8kg Heat Pump Condenser Dryer with easy to use dial and touch screen control, 14 programs, 6 Stars Energy rating, Advanced Sensor Dry with dryness level settings, reverse tumbling action and Refresh cycle.

Product Details

FEATURES

Heat Pump System Advanced Sensor Dry Family friendly 8kg capacity Reversing tumble action

Special refresh program Special programs for easy iron Large Reversible Door Auto Off

No venting required

BENEFITS

Heat Pump System

The innovative Heat Pump System is kind to your clothes and your energy bills. Designed for increased energy efficiency and exceptional performance, the system uses up to 50% less energy compared to our standard condenser, and gently dry clothes at a lower temperature.

Advanced SensiCare

Your clothes will be dried almost perfectly with Advanced SensiCare. Humidity sensors are activated throughout each cycle to eliminate over drying, which can be harmful to fabrics. So, you enjoy optimal drying accuracy, along with exceptional care and performance.

No fuss programs

Simply choose your fabric and the level of dryness you require and press Start; it's that easy

Auto reversing

Tumble action alternates clockwise to anti-clockwise. Reduces clothes tangling and bunching together, so they dry more evenly and quickly

Large Reversible Door

Everyones laundry is different. Thats why we designed a large reversible door to accommodate those tight spaces and side-by-side installations. You can easily change the direction of the door opening yourself to suit your requirements. Plus, the large door size also allows you to load and unload your dryer with ease.

Auto Off

The appliance automatically shuts off to reduce energy consumption to a minimum in comparison to standby mode.

Easy to install

The dryer has a self contained drying system which collects moisture from the drying process, so no venting kit is required, leaving your laundry cleaner and free of hot moist air

Specifications

PRODUCT PROFILE

Domestic warranty details (yrs)	2
Dryer Type	heat pump
Capacity (Kg)	8
Wall mount option	no

ENERGY

Energy Efficiency Star Rating	6
Energy Consumption (KWhr/yr)	168

BUTTON FUNCTIONS

Reminder/ Indicators	clean lint filter reminder,empty water container,time to program start,child safety lock door,drying,cooling,end/Anticrease,condenser,buzzer,start time/program duration,delicate
