

8kg Ultimate Care Heat Pump Dryer with 6 Stars Energy rating, Woolmark Blue certified, Advanced Sensor Dry, reverse tumbling action and Refresh cycle.

Product Details

FEATURES

Ultimate Care Heat Pump System

Woolmark Blue Certified

Reversing tumble action

Rapid 38 minute cycle for a small load

Special programs for easy iron

Drain kit included
Drains excess water so you don't need to empty the water tank manually

Auto Off

Easy to install condenser drying system

BENEFITS

Ultimate Care Heat Pump System

Our Ultimate Care Heat Pump gently dries your most delicate garments, including wool, at a lower temperature. With a 6 star energy efficiency rating, it uses 48% less energy than our condenser dryer (model EDC2086GDW).

Woolmark Blue Accreditation

Taking care of your precious woollen garments is now even easier with our advanced Woolmark Certified Woollen cycle. Created especially for hand wash only woollen garments, you can now safely dry your woollens without shrinking.

Advanced SensiCare

Your clothes will be dried almost perfectly with Advanced SensiCare. Humidity sensors are activated throughout each cycle to eliminate over drying, which can be harmful to fabrics. So, you enjoy optimal drying accuracy, along with exceptional care and performance.

Soft Touch Drum

With its raised circular texture, the Soft Touch Drum creates a gentle environment for delicate clothing by minimising prolonged contact clothing makes with the drum.

Large Reversible Door

Everyones laundry is different. Thats why we designed a large reversible door to accommodate those tight spaces and side-by-side installations. You can easily change the direction of the door opening yourself to suit your requirements. Plus, the large door size also allows you to load and unload your dryer with ease.

Refresh Cycle

The refresh cycle uses cool and hot air to refresh clothes that may have been in storage.

IMPORTANT

This is a guide of product dimensions only. For complete installation instructions, refer to the manual provided with product.

PRODUCT INFORMATION

The descriptors and illustrations in this publication apply to the specific products and models described as at the date of issue. Under our policy of continuous product development, product specifications may change without notice. Prospective purchasers should therefore check with their retailer to ensure this publication correctly describes the products that are being offered for sale. All information supplied is to be used for general reference purposes only and is on the understanding that Electrolux Home Products Pty Ltd (Australia) and Electrolux (NZ) Ltd (New Zealand) will not be liable for any loss, liability or damage of whatever kind arising as a result of reliance on such information. Colours of products illustrated are as close as printing limitations allow. Electrolux will at all times comply with its obligations pursuant to law including Trade Practices (Australian Consumer Law) Act and Regulations.

WARRANTY

This warranty only applies to Appliances purchased and used in Australia or New Zealand and used in normal domestic applications and is in addition to (and does not exclude, restrict, or modify in any way) any non-excludable statutory warranties in Australia or New Zealand. All warranties are subject to the conditions set out in the warranty card accompanying the product when purchased.
