8kg UltimateCare 800 heat pump dryer with 7 star energy efficiency. Wi-Fi enable, featuring Woolmark Blue certification, advanced SensorDry, refresh cycle, and reverse tumbling action.

Product Details

FEATURES

Woollens and silks programs

Special programs for easy iron

Reversing tumble action

Time drying

Drum Light
Extra visibility with the brilliant LED Drum Light

Drain kit included
Drains excess water so you don't need to empty the water tank manually

BENEFITS

Advanced SensiCare
Your clothes will be dried almost perfectly with Advanced SensiCare. Humidity sensors are activated throughout each cycle to eliminate over drying, which can be harmful to fabrics. So, you enjoy optimal drying accuracy, along with exceptional care and performance.

Careful drying, every time
With Electrolux Delicate Care technology, every garment is dried at the temperature that suits it best. The fast drum movement on the wool cycle ensures wools are kept flat to reduce shrinkage. Alternatively select the silk cycle to ensure your delicate silks are gently kept aloft to keep their shape. The dryer measures the exact humidity and temperature to protect from over-drying, while the intuitive tumble action helps dry clothes more gently and evenly. So, when you open the door, your clothes will look and feel fresh and ready to wear again.

Gentle on the ears
Inverter technology is designed to be discreet and unobtrusive. Feel free to turn your dryer on any time of the day or night, without it interfering with anything else youre doing.

Nice on knits
Our Woolmark Blue certification ensures your prized hand wash only woollens can be dried safely, with no felting or shrinking.

Woolmark Blue Accreditation
Taking care of your precious woollen garments is now even easier with our advanced Woolmark Certified Woollen cycle. Created especially for hand wash only woollen garments, you can now safely dry your woollens without shrinking.

Ultimate Care Heat Pump System
The innovative Heat Pump System is kind to your clothes and your energy bills. Designed for increased energy efficiency and exceptional performance, our 7-star energy rated dryers uses significantly less energy compared to our standard condenser and gently dries clothes at a lower temperature.

Large Reversible Door
Everyones laundry is different. Thats why we designed a large reversible door to accommodate those tight spaces and side-by-side installations. You can easily change the direction of the door opening yourself to suit your requirements. Plus, the large door size also allows you to load and unload your dryer with ease.

Soft Touch Drum
With its raised circular texture, the Soft Touch Drum creates a gentle environment for delicate clothing by minimising prolonged contact clothing makes with the drum.

Specifications

PRODUCT PROFILE

Dryer Type	inverter heat pump
Capacity (Kg)	8
Wall mount option	no

DIMENSIONS

Total height (mm)	850
Total width (mm)	600
Total depth (mm)	665

ENERGY

Energy Efficiency Star Rating	7
Energy Consumption (KWhr/yr)	158

CONTROLS

Type of controls	rotary,Touch button
Options available	delay start,extra silent,time dry,internal drum light,Dryness,Extra Anticrease,Reverse Plus,End Alert,Time Dry
Type of display	LED

BUTTON FUNCTIONS

Reminder/ Indicators	end of cycle,empty water container,child safety lock door,time remaining,child lock

DRYING PROGRAMS

Drying Programs	Cotton,Synthetic,Delicate,mixed load,Silk,Sports,Wool,Refresh,Favourite,Bedding,Energy Saver,Shirts,Drying Rack

BUTTON FUNCTIONS

Functions	auto sensing,advanced sensor dry,reverse tumbling drum action,LED drum light,temperature settings,Dryness

DRUM

Spin tub material	stainless steel

DOOR

Dryer Door colour	Chrome
Door safety	door safety switch

CABINET

Cabinet Colour	white
Cabinet material	painted galvanized steel

TECHNICAL

Service cord length	1450
Dryer Lint filter position	front pocket
Buzzer	end of cycle
Dryer Element watts	0

SHIPPING

Shipping Volume (m3)	40.9
Shipping Weight (Kg)	62

SHIPPING

Pack Dimensions Height (mm)	900
Pack Dimension Width (mm)	640
