

UltimateCare 900 heat pump dryer. With an 9kg capacity, 3D Sense technology and a huge range of features, you will enjoy exceptional results every time. The innovative 3D Sense heat pump system ensures gentle drying, high performance and energy efficiency with a 9 star energy rating. Plus the Advanced SensiCare function gently dries your clothes without over drying.

Product Details

FEATURES

Woollens and silks programs

Special programs for easy iron

Reversing tumble action

Time drying

Drum Light
Extra visibility with the brilliant LED Drum Light

Drain kit included
Drains excess water so you don't need to empty the water tank manually

BENEFITS

GOODBYE UNEVEN DRYING.

Say goodbye to unevenly dried clothes, and hello to precision drying. The 3DSense technology measures the humidity and dampness of the load and adjusts the drying time accordingly to ensure all fabrics, even silk and wool, will be dried with optimal, precise care and giving consistent results, every time.

Advanced SensiCare

Your clothes will be dried almost perfectly with Advanced SensiCare. Humidity sensors are activated throughout each cycle to eliminate over drying, which can be harmful to fabrics. So, you enjoy optimal drying accuracy, along with exceptional care and performance.

Careful drying, every time

With Electrolux Delicate Care technology, every garment is dried at the temperature that suits it best. The fast drum movement on the wool cycle ensures wools are kept flat to reduce shrinkage. Alternatively select the silk cycle to ensure your delicate silks are gently kept aloft to keep their shape. The dryer measures the exact humidity and temperature to protect from over-drying, while the intuitive tumble action helps dry clothes more gently and evenly. So, when you open the door, your clothes will look and feel fresh and ready to wear again.

Gentle on the ears

Inverter technology is designed to be discreet and unobtrusive. Feel free to turn your dryer on any time of the day or night, without it interfering with anything else you're doing.

Nice on knits

Our Woolmark Blue certification ensures your prized hand wash only woollens can be dried safely, with no felting or shrinking.

Woolmark Blue Accreditation

Taking care of your precious woollen garments is now even easier with our advanced Woolmark Certified Woollen cycle. Created especially for hand wash only woollen garments, you can now safely dry your woollens without shrinking.

Large Reversible Door

Everyones laundry is different. Thats why we designed a large reversible door to accommodate those tight spaces and side-by-side installations. You can easily change the direction of the door opening yourself to suit your requirements. Plus, the large door size also allows you to load and unload your dryer with ease.

Soft Touch Drum

With its raised circular texture, the Soft Touch Drum creates a gentle environment for delicate clothing by minimising prolonged contact clothing makes with the drum.
