

6kg clothes dryer with Sensor Dry System, temperature settings, reverse tumbling action, stainless steel drum, and option to mount on wall.

Product Details

FEATURES

Sensor Dry

Sensor Dry cares for your clothes. 3 settings dry your clothes just right without overdrying.

Ideal temperature settings

Select from Normal, Delicate and Airing to suit your different needs.

Crease Free Option

After the drying cycle ends, the drum automatically rotates periodically to minimise creasing.

Child safety device on door

Wall mount option with reversible control panel decal

Durable stainless steel drum

Delay start option

Efficient Reverse Tumbling Action

The tumble action alternates from clockwise to anti-clockwise. This reduces clothes tangling and bunching, so they dry evenly and quicker.

Clean Filter Indicator

A reminder to clean the filter, keeping your dryer running in optimal condition, saving time and energy.

BENEFITS

Sensor Dry

Sensor Dry gently and precisely dries your garments for exceptional results. This easy-to-use program will also save you precious time and energy.

Ideal temperature settings

With a range of normal, delicate and airing settings, even your most precious items are in safe hands. The lower temperature settings ensure your delicates are dried gently and effectively.

Efficient Reverse Tumbling Action

The tumble action alternates clockwise to anti-clockwise, reducing clothes tangling and bunching, so they dry evenly and quicker.

Crease Free option

Now you can minimise creasing even when you're not there to unload your dryer. The drum rotates periodically after the drying cycle ends until you switch it off. This gives you fresh, crease-free clothing when you unload.

Clean Filter indicator

You won't have to worry about remembering to clean your filter again. With regular cleaning, your filter will help keep your dryer running at its best. The filter is simple to clean and easily accessible when the door is opened.

IMPORTANT

This is a guide of product dimensions only. For complete installation instructions, refer to the manual provided with product.

PRODUCT INFORMATION

The descriptors and illustrations in this publication apply to the specific products and models described as at the date of issue. Under our policy of continuous product development, product specifications may change without notice. Prospective purchasers should therefore check with their retailer to ensure this publication correctly describes the products that are being offered for sale. All information supplied is to be used for general reference purposes only and is on the understanding that Electrolux Home Products Pty Ltd (Australia) and Electrolux (NZ) Ltd (New Zealand) will not be liable for any loss, liability or damage of whatever kind arising as a result of reliance on such information. Colours of products illustrated are as close as printing limitations allow. Electrolux will at all times comply with its obligations pursuant to law including Trade Practices (Australian Consumer Law) Act and Regulations.

WARRANTY

This warranty only applies to Appliances purchased and used in Australia or New Zealand and used in normal domestic applications and is in addition to (and does not exclude, restrict, or modify in any way) any non-excludable statutory warranties in Australia or New Zealand. All warranties are subject to the conditions set out in the warranty card accompanying the product when purchased.
