

**A 425L frost free single door freezer with best in class energy efficiency, automatic icemaker & mark resistant stainless steel.**

## Product Details

### FEATURES

---

#### Best in class ice

Entertaining is simple when you have ice at your fingertips. With our class-leading automatic ice-maker, entertaining has never been easier.

#### FreshPlus Cooling

Keep your ingredients at their fresh flavourful best. When the fridge door is open, the innovative FreshPlus technology immediately begins the recooling process to replace the lost cold air faster when the door closes. This ensures better preservation of farm fresh food and helps minimise waste.

#### Fast Ice function

When adding a large amount of food to the freezer, simply use the Fast Ice function, which decreases the temperature to -23C for 90 minutes before returning to the pre-set mode.

#### Door alarm

An alarm sounds if the door is left open to help keep the interior cool and reduce the risk of spoilage.

---

#### Multi-flow air delivery

The intelligent airflow system evenly disperses air to ensure optimum temperatures so your food is kept fresher for longer.

#### Multi-function electronic touch controls

Ideally located on the inside of the cabinet, you can set the temperature and use functions such as boost mode, fast ice, holiday mode and drinks chill with just a touch of a button.

#### Mark resistant, high quality stainless steel

The invisible, mark-resistant coating is easy to clean and helps protect the fridge exterior from fingerprints and grime.

#### Frost free

Save your precious time with a freezer that doesn't ice up and need manual defrosting.

---

#### R600a refrigerant

Our fridges use R600a, a non-synthetic refrigerant that's more environmentally friendly than the commonly used R134a.

#### LED Lighting

With our new LED lighting at both the top and sides of the fridge, the light-filled interior illuminates the content of your fridge so you can find anything you need quickly and easily.

#### Capacity

With even more useable interior space, you can store and organise your food with ease.

---

### BENEFITS

---

#### Maximise food freshness

The fresher the food is, the more delicious the taste. By increasing the stability of temperature and humidity levels in the double insulated crisper, food preservation is maximised. And that means better tasting farm fresh ingredients for all of your favourite dishes.

#### The FreshPlus™ advantage

Did you know that your fridge door is one of the most opened doors in your home? That's why we created our innovative FreshPlus™ technology. Designed to maintain the perfect temperature and detect when the fridge door opens, it immediately begins re-cooling to replace cold air for fresher, longer lasting, great tasting food.

---

#### Superior styling

With sleek styling, generous interior space, high-quality mark-resistant stainless steel, and LED lighting, Electrolux FreshPlus™ refrigerators bring the utmost style to your kitchen.

#### Express ice

Whether it's a hot summer day or you're entertaining friends and family, ice is a necessity. Now you'll always have ice with the efficient compact automatic icemaker. Plus, the ice is all stored in a handy extra-large ice bin making it enough for any party.

---

## Specifications

### PRODUCT PROFILE

Domestic warranty details (yrs)	2
Additional domestic warranty for the sealed refrigeration system only (yrs)	3
Refrigerator Type	vertical freezer
Exterior door finish	Stainless steel
Handle design	bar handle
Fridge door opening	left
Cooling system	frost free
Refrigerant	R600a
Plumbed water supply required	Yes

## Terms and Conditions

### IMPORTANT

This is a guide of product dimensions only. For complete installation instructions, refer to the manual provided with product.

### PRODUCT INFORMATION

The descriptors and illustrations in this publication apply to the specific products and models described as at the date of issue. Under our policy of continuous product development, product specifications may change without notice. Prospective purchasers should therefore check with their retailer to ensure this publication correctly describes the products that are being offered for sale. All information supplied is to be used for general reference purposes only and is on the understanding that Electrolux Home Products Pty Ltd (Australia) and Electrolux (NZ) Ltd (New Zealand) will not be liable for any loss, liability or damage of whatever kind arising as a result of reliance on such information. Colours of products illustrated are as close as printing limitations allow. Electrolux will at all times comply with its obligations pursuant to law including Trade Practices (Australian Consumer Law) Act and Regulations.

### WARRANTY

This warranty only applies to Appliances purchased and used in Australia or New Zealand and used in normal domestic applications and is in addition to (and does not exclude, restrict, or modify in any way) any non-excludable statutory warranties in Australia or New Zealand. All warranties are subject to the conditions set out in the warranty card accompanying the product when purchased.
