Split grill system Select to utilise both of the powerful grill elements, or just the one.	Soft close door	Quadruple glazed doors	Huge 125L gross capacity oven

BENEFITS

NEXT-LEVEL BAKING WITH STEAM

With SteamBake, you can create bakery-style bread in your own home. The added steam allows dough to rise more effectively than conventional heating. The steam helps to create an exquisitely soft centre, while the combination of hot air delivers deliciously glossy crusts.

DELICIOUS FRYING WITH MINIMAL OIL

The mesh design of the Air Fry Plus tray allows super-heated air to crisp the surface of food to deliver a mouth-watering fried taste and texture with little to no oil. Steam is added during the cooking process to help retain moisture inside the food, whilst the outside becomes deliciously crisp and golden.

NO NEED FOR ELBOW GREASE

High temperature pyrolytic cleaning burns away oven grease and grime for easy cleaning, without any need for water or chemicals. Simply set the pyro program and wipe the oven clean afterwards. The oven door is also quadruple-glazed to reduce the temperature of the door during cleaning.

PYRO-PROOF RACKS & RUNNERS

For easy cleaning, the pyro-proof side racks and double action telescopic runners do not need to be removed when you select a pyrolytic oven cleaning program, simply remove the trays and shelves and clean away.

COMBINE ZONES FOR MORE FLAVOUR

The Bridge function allows you to combine two separate cooking zones to create a single large surface. With the temperature and time settings automatically aligned, its ideal for making the most of planchas or roasting pots.

A SMOOTH TRANSFER OF POWER

If your current appliance is 9.6kW, as found on many similar appliances, upgrading to this new cooker can be facilitated simply, without the need to increase your homes power requirements.

Specifications

PRODUCT PROFILE

Domestic warranty details (yrs)	2
Oven fuel	electric
Materials/Colour	Dark stainless steel
Controls of Oven	TFT touchscreen
Cooling fan	Yes
Anti tilt plate	Yes
Built in/ slot in	Yes
