60cm 4 zone induction cooktop with PowerBoost, auto off and touch control. COMMERCIAL EXCLUSIVE

Product Details

FEATURES

PowerBoost
PowerBoost gives you an intense heat boost to bring water to the boil quickly.

Auto pot detection
Pot detection sensors illuminate the controls that match the cooking zone.

AutoOff
The AutoOff function will automatically shut off the hob if it detects that something is amiss.

Induction
Induction only heats directly beneath the pan, making it quick, easy-to-clean, efficient, and safe.

Power management
Power management redistributes the electrical load to prevent electrical outages.

BENEFITS

3 YEAR WARRANTY
Because peace of mind should last as long as great design, this product has three years of trusted Electrolux support. *Available for purchases after 1 March 2026.

SEAR. STIR-FRY. BOIL.
The PowerBoost function gives you an intense heat boost when needed, before automatically dropping to the highest power level. Perfect for pan searing fish, stir-frying crunchy vegetables, or bringing water to the boil quickly.

PLACE POT, ACTIVATE CONTROLS
Let the hob adapt your cooking style, not the other way around. Sensors automatically detect where you place pots on the cooking surface and illuminate the controls, making it easy for you to control each specific area.

SAFE. FAST. EFFICIENT.
Induction technology only heats the area directly beneath the pan, while the surface area around it remains cool. This means that induction hobs are safer and easier to clean than traditional cooktops, as spillages don't burn on. Induction is also faster and more energy efficient, so you can create delicious dishes in less time with less energy.

Specifications

PRODUCT PROFILE

Domestic warranty details (yrs)	3
Cooktop type	induction
Materials/Colour	black ceramic glass
Removable trim (for cleaning)	No
Wok included designed to fit cooktop	No

DIMENSIONS

Total product height (mm)	51
Total product width (mm)	590
