

A single oven with pyrolytic self cleaning

Product Details

FEATURES

Mark-resistant stainless steel

Unique IOI™ technology* –
no manuals required

80 litre gross oven capacity

Pyrolytic Oven Cleaning
No chemicals required

BENEFITS

An oven that cleans itself

Pyrolytic cleaning removes the need for you to use chemicals to clean the oven. Set the pyrolytic function, come back when it is complete and wipe away the residue.

Intuitive by design

In order to make cooking simpler we watched how people use their ovens in real life and learnt from chefs who use programmable cooking. By doing this we have removed complexities, and designed our ovens to be intuitive to use. We call this IOI.

Big enough to cater for any entertaining need

The large capacity of this 80 litre oven will make catering for every occasion quick and easy, while energy use is kept to a minimum.

Ensuring safety in the kitchen

The 4 layer glass door means it is cool to touch when cooking.
