2 Adjustable front rollers and 2 rear rollers

BENEFITS

Lower Global Warming
R600a is a non-synthetic refrigerant with a significantly lower global warming potential and shorter life in atmosphere than the hydrocarbon R134a used in conventional refrigerators and freezers

Flexible Storage
With a range of features such as adjustable spill safe shelves, and a repositionable deli compartment, you can customise your fridge to suit your storage needs.

Keep food fresher, longer
An intelligent airflow system disperses air evenly throughout the fridge. This ensures temperatures are correct throughout the entire compartment and food is kept fresher for longer

Simple and effortless
The frost free feature makes everyday operation simple and effortless
