BENEFITS

The mother nature of all fridges

The new collection of fridges and freezers have been designed with the planet, and you in mind. Each unit uses a more environmentally friendly refrigerant, to significantly reduce the level of gas emissions and feature best-in-class energy efficiency*

Non-synthetic refrigerant

R600a is a non-synthetic refrigerant with a significantly lower global warming potential and shorter life in atmosphere than the hydrofluorocarbon R134a used in most conventional fridges

Best in class

Using advanced technologies the Electrolux refrigeration collection provides best-in-class energy efficiency

Professionally inspired

Professionally inspired with mark resistant stainless steel doors, stunning full length handles, on classic curved doors, the new Electrolux models are built to impress!
