BENEFITS

3 YEAR WARRANTY
Because peace of mind should last as long as great design, this product has three years of trusted Electrolux support.
*Available for purchases after 1 March 2026.

A TOUCH OF STEAM: THE SECRET TO PERFECT BAKING
Add a touch of steam for artisan style results at home. Add water to our inbuilt well to create steam for golden crusts and soft, airy centres, ideal for bread, pastries, and delicate bakes. Because perfect texture starts with perfect moisture.

EVENLY DISTRIBUTED HEAT
No more swapping trays for evenly cooked food. SurroundCook circulates hot air to keep the temperature consistent throughout the oven.

AIRFRY MEETS STEAM
Get the best of both worlds, crispy on the outside, tender on the inside. By adding steam to AirFry, keep your drumsticks, chops or crumbed fish juicy whilst achieving that irresistible crunch.

AN OVEN THAT CLEANS ITSELF
Pyrolytic cleaning heats the oven to a high temperature, turning grease and grime to ash. Just wipe clean afterwards no water or chemicals needed. The multi-layer glass door stays cooler to touch for complete safety.

ASSISTED COOKING
The intuitive full-colour touch display provides a range of assisted cooking functions to help you achieve delicious results every time. Use automatic settings for ideal roasting, reheating or dough proving, or use the step by step guides for Bread and Pizzas, Meat and Fish or Vegetables.

ACCESS ALL AREAS WITH EASE

Telescopic runners make it easy for you to slide trays in and out of the oven. This provides safe, effortless access, making it easier to baste during cooking or check on how a dish is coming along. The runners also make light work of lifting and removing hot trays or heavy dishes.
