#### PRECISE COOKING, GREAT RESULTS

The smart food probe monitors the core temperature of your food, while precise sensors alert you when the dish is ready, and stop the oven automatically so the roast stays juicy, just the way you like it.

#### CRISPY GOLDEN RESULTS WITH LESS OIL

Love crunchy fries and golden chicken wings? AirFry gives you that irresistible crunch using powerful heat, right in your oven. No extra appliance, no extra oil. Just healthier, tasty meals made simple.

---

**ACCESS ALL AREAS WITH EASE**

Telescopic runners make it easy for you to slide trays in and out of the oven. This provides safe, effortless access, making it easier to baste during cooking or check on how a dish is coming along. The runners also make light work of lifting and removing hot trays or heavy dishes.
