

**12KG wash, 8KG dryer with IntelliDose, delivering the optimal detergent dose for every load. Wash a 12KG load in 45min thanks to IntelliQuick, using load sensors to determine the quickest program. Also features SensorWash, CareDrum, Wash & Dry a Duvet in 60min. UltraMix technology that prevents visible detergent residue.**

## Product Details

### FEATURES

---

<b>UltraMix</b> UltraMix technology thoroughly dissolves detergent, preventing visible residue on your clothes.	<b>Sanitise</b> Sanitise program wash and steam above 60°C to remove more than 99.99% of common bacteria & viruses.*** Tested for Candida albicans, MS2 Bacteriophage and Escherichia coli in external test performed by Swissatest Testmaterialien AG in 2021 ("Test Report No. 202120117, 20232072").	<b>DelicatePlus</b> DelicatesPlus provides gentle care for all your delicates, helping them last for longer.	<b>DuvetCare 60</b> DuvetCare 60 uses heated vapour to treat and dry your king-sized duvets* or comforters in 60 mins.**King-sized duvets only suitable for in 12/13 kg machines. Smaller sized duvets suitable in all machines. **Compared to a normal wash and dry cycle.
<b>CareDrum</b> CareDrum, with its unique water-cushion technology, gently cares and protects your laundry.	<b>SensorWash</b> SensorWash sensors help to remove up to 53 different stains without pre-treatment or pre-washing.* **Tested on 5kg load stains from food, household and personal products using Cotton 40°C cycle + StainPro option. Results may vary depending on factors such as models, load size, type and duration of soiling, detergent type and water hardness.	<b>IntelliQuick</b> IntelliQuick selects the best suited programme based on your laundry load size for precise care.	<b>IntelliDose</b> IntelliDose uses intelligent sensors to deliver the optimal detergent dose and wash for every load.

---

### BENEFITS

---

**NO VISIBLE DETERGENT RESIDUE\***

With the UltraMix technology, detergent and softener are thoroughly dissolved and activated before they enter the drum. This helps to ensure that your clothes are cleaned with no visible detergent residue at the end of the cycle. \*\*Tested on a 3kg mixed load, using recommended powder detergent dosage. Results may vary depending on load size, detergent type and water hardness.

**SANITISE YOUR CLOTHES\***

The Sanitise Program, verified by Swissatest, combines a wash cycle and steam at above 60°C to remove more than 99.99% of common bacteria and viruses\*. Pollen and allergens are also reduced for hygienically clean clothes after every wash.\* Tested for Candida albicans, MS2 Bacteriophage and Escherichia coli in external test performed by Swissatest Testmaterialien AG in 2021 ("Test Report No. 202120117, 20232072").

**TOTAL DUVET CARE IN 60 MINS**

DuvetCare 60 uses heated vapour to treat and dry your king-sized duvets\* or comforters in just 60 minutes. The heated vapour helps reduce water and energy consumption\*\* while removing odours like sweat and reducing dust mites in one simple programme. \*King-sized duvets are only suitable for 12/13 kg machines. Smaller\* sized duvets suitable for all machines. \*\*Compared to a normal wash and dry cycle.

**GENTLE CARE FOR YOUR LAUNDRY**

CareDrum lets garments glide smoothly due to its elevated cushion-like drum pattern and lifter paddle. Thanks to the unique pattern of the drum, it is gentle on your clothes.

**PERFECT WASHING WITH SENSORS**

Wash out stubborn stains without the need for pre-treatments. SensorWash technology uses unique sensors to automatically detect dirt and soil levels and then adjusts the cycle duration accordingly. Can help to remove up to 53 different visible stains including oil, ketchup, fruits puree and pizza. \*\*Tested on 5kg load stains from food, household and personal products using Cotton 40°C cycle + StainPro option. Results may vary depending on factors such as models, load size, type and duration of soiling, detergent type and water hardness.

**QUICK 12KG WASH IN 45 MINS**

New IntelliQuick smartly selects the quickest programme based on your laundry load for precise care and cleans a full load in 45 minutes. This removes any pre-laundry stress by providing efficient cleaning with the precise level of care for your clothes, making them last longer without additional energy or water usage.

**PRECISE DOSE, UP TO 60% LESS DETERGENT**

The UltimateCare 900 IntelliDose Machine uses sensors to deliver the optimal detergent dose for every load. With SensorWash, sensors detect any dirt left in your laundry during a cycle before adding a second dose of detergent if necessary. The machine also calculates the correct laundry time, water and energy, adding the precise amount of detergent and internal test shows it may help to reduce up to 60% the amount of detergent used for a 2 kg load.

## Terms and Conditions

### IMPORTANT

This is a guide of product dimensions only. For complete installation instructions, refer to the manual provided with product.

### PRODUCT INFORMATION

The descriptors and illustrations in this publication apply to the specific products and models described as at the date of issue. Under our policy of continuous product development, product specifications may change without notice. Prospective purchasers should therefore check with their retailer to ensure this publication correctly describes the products that are being offered for sale. All information supplied is to be used for general reference purposes only and is on the understanding that Electrolux Home Products Pty Ltd (Australia) and Electrolux (NZ) Ltd (New Zealand) will not be liable for any loss, liability or damage of whatever kind arising as a result of reliance on such information. Colours of products illustrated are as close as printing limitations allow. Electrolux will at all times comply with its obligations pursuant to law including Trade Practices (Australian Consumer Law) Act and Regulations.

### WARRANTY

This warranty only applies to Appliances purchased and used in Australia or New Zealand and used in normal domestic applications and is in addition to (and does not exclude, restrict, or modify in any way) any non-excludable statutory warranties in Australia or New Zealand. All warranties are subject to the conditions set out in the warranty card accompanying the product when purchased.
