

4 zone induction cooktop with boost

Product Details

FEATURES

Induction Cooktop	Residual heat indicator	Touch controls	9 heat settings + Boost on all zones
Child safety device	Acoustic signal	Countdown timer	Auto-off timer
Easy cleaning	Perfect heat control		

BENEFITS

Ultimate in safety and comfort

Induction cooking generates heat in the cookware, so surfaces around the pot are cool to touch, and the cooking environment remains cooler. The surface is also easy to clean, as spills are simply wiped away.

Cater for your family and friends

Induction combines the speed of gas with additional precise control for which induction is known. A range of cooking zones allow the cook to prepare any sized meal, at a consistently high quality, faster.

You can be energy wise

Induction cooking is almost twice as efficient as gas or electric in transforming energy into heat, saving you time and money.

Cooking can be a family experience

With no naked flames or elements the whole family can join in the fun of cooking.
