

Universal Through-the-Wall Dryer Venting Kit with Rear Deflector

Product Details

FEATURES

Clever through-the-wall ducting

Directs moist air outside of the laundry space

Venting system captures lint and fluff fibres

Quiet machine operation

premium aluminium expandable ducting

BENEFITS

Enjoy cleaner, fresher air in your laundry
Moist air is directed outside of the laundry space, helping to prevent mildew on your walls and avoid unpleasant odours.

Dust free laundry
Lint and fluff is captured through the vent during your laundry cycles to prevent them entering your laundry air.

Quiet machine operation
Maximum exhaust air flow is achieved with the 3 louvred vent hood, meaning your machine operates quieter.

Hassle-free drying
Clever through-the-wall ducting design offers peace of mind, allowing you to keep doors and windows closed while using your dryer.

Premium venting
Made with premium quality expandable aluminium venting, rest assured it will be a lasting venting solution.

Suitable for most brands
Designed to fit most dryers with a standard 100mm diameter outlet.

Quick and easy to install*
Easy and efficient installation process. With minimal tools and assistance required. *You may require lifting assistance.
