Swedish Design and Manufacture

This product has been designed and manufactured in Sweden to the highest quality standards you'd come to expect from the market experts.

Suitable for all Electrolux UltraOne Vacuum Cleaners
UltraOne Vacuum Cleaner Starter Kit with s-bag Ultra Long
Performance.

TUV Certified

The TUV Rheinland Group has independently tested and awarded certification of performance of the s-bag ULTRA LONG PERFORMANCE.

Everything Needed to Keep Your Vacuum Performing
Global research shows that an average household collects between 14L - 17L of dirt each year. With this in mind Electrolux has created a value pack of all the consumables required to keep Electrolux vaccums performing at their best for up to 1 year.

Clean Air

The HEPA 12 filter captures even the finest particles of pollen, mould spores, dust mite faeces and allergens, purifying 99.5% of the air leaving the vacuum cleaner.

Rid Homes of Allergens and Bacteria

The bags and filters included in this kit purify the air, capturing harmful allergens and bacteria.

Motor Protection

The washable motor filter protects your vacuum cleaner motor from dust particles inside the dust container. Replace your filter at least twice a year or when it becomes visibly soiled.

Hygienic Closing System

s-bag Ultra Long Performance automatically seals when removed, preventing spillage and making bag changes clean.

High Filtration Capacity

s-bag Ultra Long Performance filters up to 99% of particles as small as 1 micron (15 times smaller than the diameter of a human hair).

Exceptional Cleaning Efficiency

Cleaning efficiency is not reduced as the synthetic s-bag fills. Performance is maintained till the moment the dustbag is full.

Easy to Change

s-bag Ultra Long Performance has been designed with special folding and a unique patented cardboard making the bag easy to fit in the cleaner.

More Suction Power

s-bag ULTRA LONG PERFORMANCE is made from resistant synthetic material that results in optimum air flow and allows your vacuum cleaner to maintain constant suction power as the dustbag fills up.

Lasts 80% Longer

The Ultra Long Performance s-bag lasts 80% longer than traditional paper bags and has an optimal capacity of 5 litres.

No Offensive Odours

S-fresh lemon spreads a delicate but distinctly clean lemon scent throughout your home every time you vacuum. Easy to use, simply open the sachet, scatter granules on floor and then vacuum up.

Easy to Change Filters

An easily accessible filter makes maintaining your vacuum a breeze.

Suits Most Electrolux Vacuum Cleaners

The s-bag ULTRA LONG PERFORMANCE is not only the ideal bag for those with an UltraOne vacuum, it also suits AirMax/GREEN, Bolido, Clario, Clario2, ErgoSpace/GREEN, Essensio, Excellio, JetMaxx/GREEN, Maximus, Mondo Plus, Oxy3system, Oxygen, Oxygen+, Superpro, UltraOne GREEN, UltraSilencer/GREEN, Viva Control, Viva Quickstop.

PRODUCT INFORMATION

The descriptors and illustrations in this publication apply to the specific products and models described as at the date of issue. Under our policy of continuous product development, product specifications may change without notice. Prospective purchasers should therefore check with their retailer to ensure this publication correctly describes the products that are being offered for sale. All information supplied is to be used for general reference purposes only and is on the understanding that Electrolux Home Products Pty Ltd (Australia) and Electrolux (NZ) Ltd (New Zealand) will not be liable for any loss, liability or damage of whatever kind arising as a result of reliance on such information. Colours of products illustrated are as close as printing limitations allow. Electrolux will at all times comply with its obligations pursuant to law including Trade Practices (Australian Consumer Law) Act and Regulations.

WARRANTY

This appliance is warranted against manufacturing defects in Australia and New Zealand for 24 months following the date of original purchase of the Appliance, where the Appliance is used for personal, domestic or household use (i.e. normal single family use) as set out in the instruction manual. Where the Appliance and accessories (including nozzles, brushes or other cleaning attachments) are used for commercial purposes, the Appliance will then be warranted against manufacturing defects in Australia for 3 months and in New Zealand for 3 months, following the date of original purchase of the Appliance.
