Temperature sensor	Service mode with diagnostics feature	Multi-flow air delivery system	More environmentally friendly refrigerant (R600a)
Frost free	Door alarm	Egg tray	Rear rollers
Adjustable front rollers	Hidden hinges		

BENEFITS

Understanding new capacity and energy ratings
From the 15th August 2021, the way refrigerators are tested to calculate Energy Star Ratings and energy consumption have changed. This means that the capacity and energy rating calculations have changed, however the product remains unchanged. Be sure to check all new ratings to ensure that your comparisons are consistent with the new standards.

Stylish Design
Crafted with ultra-modern flat doors, elegant handle options and your choice of Dark or Natural Real Stainless Steel or white your fridge will be the centrepiece of your kitchen. (Options vary by model)

Energy Efficiency

Our range has been designed to be energy efficient*, reducing your electricity usage. (Energy ratings and running costs vary by model) *Designed to meet MEPS AS/NZS4474.

Continuous chilled fresh water (plumbed)

Keep everyone refreshed at any time of day or week with a filtered water dispenser built into the door.

Ice when you need it most

With the convenience of an automatic ice maker, we've got your ice needs covered. By continuously replenishing itself, you will always have ice available for your family or last-minute guests.

FreshSeal Crispers

Our FreshSeal Crispers have advanced seals, and with humidity control you get better flexibility to look after your food the right way. Our seals assist in preventing moisture loss, while the humidity control lets you provide a better environment for fresher tasting food.

Easy-Glide Telescopic Runners

You don't know it yet but you'll love the easy glide telescopic runners in our freezers. They're easy to open and close and when fully extended provide superior access to your frozen foods. No matter how much food you have stored, they'll always run smoothly.

Specifications

Full width deep plastic basket	1

Dimensions

Minimum Recommended Airspaces

If you have a cupboard above the refrigerator with a rear gap of less than 100mm (Y), recommended minimum clearance at the top of the refrigerator increases from 30mm to 70mm (X).

Please note: Doors are designed to sit proud of cabinetry (not flush).

Front face of bench aligned to front corner edge of cabinet.

When positioned in a corner area, spacing of at least 350mm on the hinge side will allow the doors to open enough to enable the removal of bins and shelves.

Dimensions	Product Height	Product Width	Product Depth	Product Depth (Door Open)
WHE5204BC/SC	1725	796	769	1057
WHE5264SC	1725	796	769	1057
