High powered, intense 19 MJ/h wok burner	Dual Valve Control	Durable ceramic glass cooktop	Cast iron trivets
Flame Failure Device	Easy under knob ignition	Easy clean ceramic surface	LP Gas Conversion kit included LP Gas Conversion kit included. Must be installed by a licenced tradesperson.

BENEFITS

A hotter wok helps bring out the flavour
Use high heat to lock in the flavour of your dishes. With durable brass caps and 19 MJ/h you can bring your wok to high heat with even flame distribution. Spice up your cooking and spice up your life.

Precision control from simmer to sear
Dual valve control lets you fine tune the flame with greater accuracy, from gentle simmering to powerful high heat. It gives you the control you need to cook with confidence, whatevers on the menu.

Cook with confidence
Enjoy peace of mind with our ceramic glass gas cooktops. Ceramic glass is designed to withstand the rigors of daily cooking and deliver lasting performance, ensuring it is tough enough to handle even the busiest kitchens.

Family safety first
Our cast iron trivets flat design ensure the base of your pots and pans are fully supported, allowing you to have a safer and more stable cooking environment.

Easy to Clean
Spend more time cooking and less time cleaning. Our flat surface gives foods and spills nowhere to hide, making cleaning a breeze.

Flame out. Gas off.
In the kitchen, it should always be safety first. If the cooktop flame unexpectedly goes out, our Flame Failure Device will automatically shut down the gas supply so you and your family can breathe easy.
