## Product Details

### FEATURES

---

PowerLite low current enabled	PowerBoost	Hob2Hood	Pause
Touch control	Child safety device	QuickCook Timer	Easy clean ceramic surface
Residual heat indicator			

---

### BENEFITS

---

#### PowerLite Makes Upgrading Easy

Switch to induction with ease. PowerLite matches the input power of traditional cooktops and can be compatible with your current wiring, meaning no rewiring, and less hassle.\*\*For suitability and installation please consult a licensed electrician.

#### Zero to Boil in no time

With PowerBoost, you can rapidly boil a pot of water or quickly heat up a frying pan. Spend less time waiting and more time creating your favourite meals.

#### Hold everything with our clever Pause function

We know that family life is full of distractions. That's why you'll appreciate our clever Pause function. Simply touch the Pause icon on your cooktop and all operating induction zones will drop to the lowest setting. When you're ready to go again, hit Pause again and settings will return to where you left off.

#### Clear the air with Hob2Hood

With Hob2Hood technology, compatible rangehoods work seamlessly with your induction or ceramic cooktop to clear your kitchen of cooking smells and steam. As you start cooking, the rangehood will automatically turn on then intuitively adjust the fan speed and airflow to match your cooking. How's that for hands-free convenience?

#### Timed to perfection

Never over-cook or burn dinner again. Just set the cooking time and your cooktop will automatically turn the heat off for you.

#### Easy clean ceramic surface

The durable ceramic cooktop surface is easy to clean and maintain ensuring your kitchen is always looking its best.

## Specifications

### PRODUCT PROFILE

Domestic warranty details (yrs)	2
Cooktop type	induction
Materials/Colour	black ceramic glass

### CONTROLS

Controls of Cooktops	Touch and Slide controls
