BENEFITS

One wash wonder
Our PreMix deals with detergent residue, making sure powders are properly dissolved and activated before the wash.

Keep you on time
Let our handy time remaining display count down to the program finish, so you know when your wash will be done. If only bedtime was that easy.

Softly does it
Honey, you won't shrink the kids or any of your other favourite items with our gentle wash action a handwash equivalent for your delicates at the press of a button.

Ease your load
You won't need a background in IT to operate our easy use, easy clean, inclusive control panels. Because technology is supposed to make your life easier.

Save water, choose Westinghouse
Our auto water level sensor conserves precious H₂O, automatically choosing the ideal water level for each wash. If only it could perfectly pour your Friday night wine, too.

Help in a hurry
Whether it's a fast 20 minute wash because your favourite top needs a freshen up, a 45 minute mid-week daily wash or a Fullload 60 program after a muddy weekend of sport, our Fast Wash Programs mean you can get on with your day without delay.

Forgiving on fingers
Our soft closing child-safe lid means little fingers won't get a nasty surprise. Plus, our washing machines feature a child safe lid lock for added peace of mind.

Fold on the go
Traditional whitegoods get an upgrade with our premium safety glass lid. Not only is it stylish and durable, it offers an extra laundry workspace thanks to the scratch resistant flat top.

Back to black
Our simple access easy clean lint filter means your leggings will stay black and not just become a grey fuzz magnet.

Better results with a new gentler drum
Designed to treat your clothes with the care they deserve, the gentle drum has thousands of holes to enhance the water flow rate so that detergent dissolves faster. This improves effectiveness and ensures a deeper clean.
