BENEFITS

Ultimate 2-in-1 flexibility

With Ergorapido there is no limit to where you can clean. Its flexible 2-in-1 design with a detachable handheld unit lets you clean areas above the floor such as countertops, furniture and hard to reach places.

Easy to use

The 180-degree swivel nozzle means smooth turning and manoeuvrability on all floors. With an ergonomic design and low centre of gravity, this lightweight vacuum cleaner is very easy to use.

BrushRollClean™ technology

Our unique BrushRollClean™ technology saves you the trouble of having to clean the brush roll with your hands or scissors. An internal blade removes entwined hairs and fibres before they are vacuumed into the dust cup, all with the push of a button.

Pet Power nozzle

The Ergorapido Animal features a specialised motorised brush nozzle designed to easily lift hair, dust and dirt from upholstery, furnishings and more.

Allergy filter

Captures up to 99.99%* of micro dust to leave your home feeling cleaner than ever and endorsed by the British Allergy Foundation.*Based 1-3 micron particle size. Measured by IBR laboratories on 19/01/2017.

Lithium TurboPower

The new generation of Ergorapido features high performance Lithium HD TurboPower battery for optimal cleaning performance and longer run time (up to 48 minutes). The LED battery indicator shows when its time to recharge.

LED lights

The Ergorapido nozzle is equipped with Dustspotter™ LED lights to see dust in the darkest areas when vacuuming.
