

Ergospace, Long reach - Compact - Easy to store

Product Details

FEATURES

Massive 13 Metre Reach
Ergospace features a 9 metre cord and 2.5 meter hose, meaning a massive 13 meter reach.

Compact & Lightweight
Ergospace weighs only 5.5kg, making it easy to lift without strain. The ergonomic carry handle makes it ideal for multi-story homes.

Ergoshock Feature
Ergoshock features a flexible storage strap that stretches out for neat and tidy hose storage. It also acts as an anti shock bumper to protect walls and furniture from collisions.

3 in 1 Accessory Tool
The innovative 3 in 1 accessory tool performs as a dusting brush, crevice nozzle and upholstery tool, stored conveniently on board.

Powerful Cleaning Performance
A powerful 2000W max motor and Dust Magnet combination nozzle make lite work of dust and dirt in all floor types.

BENEFITS

Massive 13 Metre Reach
The longer the cleaning reach, the more rooms you can clean from one power point, meaning less plugging in and unplugging of the cord.

Compact & Lightweight
Sick and tired of lugging the vacuum up and down the stairs? Ergospace helps take the strain out of multi-story cleaning.

Ergoshock Feature
Perfect for those who live in compact apartments or flats with limited storage space, and ideal for protecting walls and furniture.

3-in-1 Accessory Tool
Attach it at one end, and it is a vacuum brush. Turn it around and it is a crevice cleaner. Fold it out, and it is a furniture cleaner. One tool does it all.

Powerful Cleaning Performance
Powerful performance means more dust and dirt is picked up in one pass over the floor, saving you time and effort.
