

Bagged vacuum cleaner with silent air technology and environmentally friendly features. Also part of Electrolux's quietest vacuum cleaner range.

Product Details

FEATURES

Excellent Dust Pick up and Filtration
Rated 5-star by independent test institute SLG in Germany

Silent Air Technology
Aerodynamic design from nozzle to exhaust, floating motor, rubber seals and absorbent foam

Clean air HEPA filtration!
UltraSilencer Green is completely sealed, and features an extremely efficient HEPA 13 filter.

Made from 55% recycled plastic
UltraSilencer Green is made from 55% recycled plastic

Energy Efficient Motor
UltraSilencer Green uses 40 % less energy than a regular UltraSilencer, without compromising on performance

AeroPro 3 in 1 accessory tool
Features a dusting brush, crevice nozzle and upholstery tool, all in one.

Hard floor nozzle
The AeroPro hard floor nozzle features soft bristles, and is suitable on all hard floor surfaces.

BENEFITS

The quietest vacuum cleaner ever
Silent Air Technology™ gives UltraSilencer a record low noise level of 68 dB(A). From the nozzle to exhaust, the inside of the vacuum cleaner has been aerodynamically shaped, with a floating motor, rubber seals and absorbent foam to dampen noise, all the while delivering high airflow and powerful suction.

Excellent cleaning performance
An energy efficient, high performance 1250W delivers powerful airflow, combined with the innovative AeroPro™ nozzle system, you're certain to get an excellent result, every time.

Clean Air HEPA Filtration
UltraSilencer is completely sealed, making sure that dust and dirt stay where they're supposed to in the vacuum cleaner. Also featuring an extremely efficient HEPA 13 filter, the air exiting the UltraSilencer is cleaner than the air sucked into it.

Made from 55% recycled plastic
What others see as waste, we see as valuable raw material. This approach saves resources, and puts plastic waste to good use again instead of having it end up in landfill, or worse, in marine environments.

Energy Efficient, High Performance Motor
The combination of an energy efficient motor and advanced AeroPro™ nozzle system means there is no compromise on dust and dirt pick up. What's more it also helps save on your power bill.

AeroPro™ 3-in-1 Tool
Why fumble around with multiple tools when you can use one to do the job of 3? The AeroPro™ 3 in 1 lets you take the complication out of cleaning surfaces, skirting boards and window sills.

AeroPro™ Hard Floor Tool

Offering gentle, yet highly efficient dust and dirt pick up, the AeroPro™ Hard Floor Tool is ideal for polished wood, slate, stone and marble floor surfaces.

IMPORTANT

This is a guide of product dimensions only. For complete installation instructions, refer to the manual provided with product.

PRODUCT INFORMATION

The descriptors and illustrations in this publication apply to the specific products and models described as at the date of issue. Under our policy of continuous product development, product specifications may change without notice. Prospective purchasers should therefore check with their retailer to ensure this publication correctly describes the products that are being offered for sale. All information supplied is to be used for general reference purposes only and is on the understanding that Electrolux Home Products Pty Ltd (Australia) and Electrolux (NZ) Ltd (New Zealand) will not be liable for any loss, liability or damage of whatever kind arising as a result of reliance on such information. Colours of products illustrated are as close as printing limitations allow. Electrolux will at all times comply with its obligations pursuant to law including Trade Practices (Australian Consumer Law) Act and Regulations.

WARRANTY

This appliance is warranted against manufacturing defects in Australia and New Zealand for 24 months following the date of original purchase of the Appliance, where the Appliance is used for personal, domestic or household use (i.e. normal single family use) as set out in the instruction manual. Where the Appliance and accessories (including nozzles, brushes or other cleaning attachments) are used for commercial purposes, the Appliance will then be warranted against manufacturing defects in Australia for 3 months and in New Zealand for 3 months, following the date of original purchase of the Appliance.
